CELL PHONE/ELECTRONIC EQUIPMENT POLICY

Cadets at DMA are permitted to have their cell phone with them. The cell phone is to be turned off. It is strongly recommended that the cadets leave their cell phones/electronic equipment in their secured locker to prevent them from being tempted to use their phone or misplacing it. The consequences of being caught using your phone/electronic equipment is:

1st offense: device is confiscated. Cadet has the option to pay \$5.00 which is donated to DMA **or** the parent/guardian can pick up the device.

2nd offense: device is confiscated. Cadet has the option to pay \$5.00 which is donated to DMA **or** the parent can pick up the device. On the second offense the cadet will receive an EMI and the parent/guardian will be contacted that a third offense will result in the cadet being suspended out of school for one day. The device at that time will only be returned to the parent/guardian.
